

**RESTRICTIONS ON WATER USAGE
CURRENTLY IN EFFECT FOR IPUD CUSTOMERS**

(as of January 1, 2022)

Any use of potable System water for gardens or landscaping is prohibited

(Except for spot watering by hand, using a handheld hose equipped with a positive-action nozzle or using a watering can)

Use of any of the following methods for outdoor watering (without an IPUD-issued permit) constitutes a violation of the Water Shortage Emergency's Stage 2 restrictions:

- **Outdoor sprinklers**
- **Drip systems**
- **Irrigation systems**
- **Automated watering devices**
- **Timer-controlled watering systems**

The following Stage 1 nonessential uses of water are prohibited:

- a. Any use of water in conjunction with installation of new landscaping or in support of replacement within a 180-day period of more than 25 square feet of existing landscaping, except as necessary for erosion control or for dust control at construction sites.
- b. Use of water through any service when the customer, the user, or the owner of the premises is aware of, or should have cause to be aware of, any broken or defective plumbing, sprinkler, watering or irrigation system, and the customer or owner has failed to effect necessary repairs within ten (10) days.
- c. Use of water which results in flooding or runoff into a gutter, street, roadway, or elsewhere of similar nature, including any runoff of any nature off the property intended to be served by the meter.
- d. Use of water through a hose not equipped with a positive activation mechanism for washing cars, busses, boats, trailers, or any other types of vehicles.
- e. Use of water through a hose for washing the exteriors of buildings or structures, or for washing sidewalks, driveways, patios, parking lots, athletic or game courts (such as tennis courts), or other hard-surfaced outdoor areas.
- f. Use of water for filling any new swimming pool or for refilling any existing swimming pool, except for reasonable "topping off" or reasonable backwashing-to-waste of existing swimming pools at intervals of not less than fourteen (14) days.
- g. Use of water to clean, fill, or maintain levels in decorative fountains, pools, or ponds exceeding one hundred (100) gallons capacity, except as minimally necessary to maintain existing piscine life.
- h. Use of water for construction purposes, such as consolidating backfill, unless no other source of water or method is reasonably available to be used and a permit for said use has been issued by the General Manager of the Inverness Public Utility District.
- i. Service of water to a customer by any restaurant or food-service establishment except when requested by the customer.
- j. Use of water without a permit issued by the General Manager to fill any privately-owned water storage tank whose capacity exceeds one hundred (100) gallons unless said tank is directly online in and an integral part of the customer's water service connection.
