

NEW THIS YEAR!

Sponsored by the MWPA and FIRESafe Marin

2021 CHIPPER DAYS has 2 dates:

July 12 & October 11

A CHIPPER CREW WILL TRAVEL DOOR-TO-DOOR IN YOUR NEIGHBORHOOD

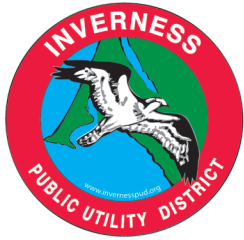

To Register and Reserve a Spot go to:

<https://www.chipperday.com/marin>

Chipper crews will dispose of a 10'x4'x4' pile of cut vegetation at no cost. Lay all vegetation in your pile the same way with the base of the branch or plant facing toward the street (so that it can be easily picked up and placed in the chipper) **at your curb by 8am on our chipper event day**. Limbs must be less than 8 inches in diameter. **Please note; the actual pickup of material may be delayed for 1-2 days due to volume**. Grass clippings, loose leaves, soft vegetation can't be chipped and must be disposed of in your green waste cans.

FIRE Safe
M A R I N

Rules to Follow:

Material in excess of **8" in diameter** cannot be chipped. **Suggested pile size is 10 feet x 4 feet x 4 feet.** With one extra registration step, a resident can request the removal of piles longer than 15 feet.

Piles with unpermitted items or any portion of a pile greater than 10x4x4 feet that has not been pre-approved for removal may be left behind and will become the resident's responsibility to remove.

Your pile must be within 5' of a place where the truck can access the pile. Do not place piles where they are blocking a roadway or driveway or within 10 feet of a utility pole or fire hydrant.

Please do not bag or tie up your vegetation.

Pile Size & Placement

Lay all vegetation in your **10'x4'x4'** pile the same way with the base of the branch or plant facing toward the street (so that it can be easily picked up and placed in the chipper) at the curb by **8am Monday** morning of the week of your event. Preferably piles should be on the uphill side of the drive or road if there is a slope.

Frequently Asked Questions

What CAN go in the chipper?

- Tree limbs up to 8" in diameter.
- Shrubs, brush, limbs, woody bushes, broom, cypress, juniper, firewood, etc.

What will NOT be taken for the safety of our crews?

- Trash, poison oak, blackberry brambles, construction materials, lumber, regular yard waste, leaves, lawn clippings, bamboo roots, roots with dirt, rocks, or gravel
- Bagged or tied material of any kind

What WILL be taken but can't be put in the chipper?

- Palm fronds, bamboo, pampas grass - place next to pile

Cancellation

This program is in high demand, if you do not have a pile ready, please try to cancel as this lets us move one of your neighbors off the waitlist.

If you would like to cancel an existing reservation, please follow the link below. Note, you will need your confirmation code to complete the cancellation process.
